Description

PEFLEX INOX stainless steel plenum boxes are equipped with plastic connection sockets for ducts **in the CLIK system with a built-in gasket**, which significantly speeds up the installation and **guarantees its tightness**. PEFLEX INOX plenum boxes $\varnothing 50$, $\varnothing 75$ and $\varnothing 90$ are designed for the installation of **round PEFLEX ventilation ducts** with an outer diameter of 50, 75 and 90 mm, respectively.

Each box is equipped with mounting brackets with hole diameters of $\varnothing 6.3$ and $\varnothing 8.4$ mm.

The plenum box for the PEFLEX INOX for slot diffuser is available in two variants: angular and pass-through.
